

MASTER OF SCIENCE IN HUMAN RESOURCES MANAGEMENT

AT HOLY FAMILY UNIVERSITY

If you wish to advance your corporate or managerial career, Holy Family's graduate program in Human Resources Management provides an excellent theoretical and practical foundation. This 33-credit master of science program can be completed in six semesters, or less than two years. The program prepares students for careers in human resources management or general management.

Program Goals

- To provide opportunities for the development of innovative and effective teaching methods rooted in an understanding of management theory and research.
 - To provide successful professional managers with the flexibility to assume leadership roles in human resources management and in the managerial leadership community.
 - To nurture a deep commitment to excellence in human resources management and managerial leadership as a means of service to others.
 - To provide a supportive and cooperative learning environment that encourages students to develop their potential for study and their understanding of human resources management.
- Management
